

Marwan Ashraf Mohamed

Full Stack .NET Developer

Cairo, Egypt | xmarwanashraf@gmail.com | +201098717240

linkedin.com/in/marwanashraf1 | github.com/m2ro99

Summary

Full Stack .NET Developer with experience in building and maintaining scalable web applications using ASP.NET Core, MVC, and modern frontend frameworks. Proven ability to refactor legacy systems, implement clean architecture, and deliver high-impact features in collaborative Agile environments. Passionate about performance optimization, clean code, and user-centered design.

Experience

Full Stack .NET Developer, Elocalize

Jul 2025 – Present

- Maintained and enhanced ASP.NET MVC and Core applications by resolving critical bugs, refactoring legacy code, and optimizing performance, improving system reliability.
- Collaborated with team to design, implement, and deploy new features aligned with client specifications and business goals.
- Applied clean code principles and design patterns to improve code maintainability and scalability across multiple projects.
- Participated in code reviews, sprint planning, and issue tracking to ensure efficient and transparent development workflows.

IT Support Technician, Manaret ElEman International School

Nov 2024 – Jun 2025

- Deployed and configured laptops, PCs, routers, and access points across campus, ensuring seamless network connectivity.
- Provided technical support for online learning platforms and remote education tools, reducing downtime.
- Managed OS installations (Windows/Linux) and software environments including Office 365 and Adobe Suite.

Frontend Developer Intern, Taza

Jul 2024 – Dec 2024

- Developed reusable UI components for a SaaS restaurant ordering system with cart functionality and delivery time estimation.
- Implemented state management using Redux Toolkit for real-time user interactions.
- Integrated frontend with backend APIs to enable QR Code-based order tracking using ASP.NET Core.

Projects

Beehive School Management System

app.beehive.education

- Contributed to a large-scale ASP.NET MVC system serving multiple educational institutions.
- Fixed critical bugs and refactored legacy modules, improving system performance and stability.
- Developed the **School Houses** module, enabling student competition with real-time leaderboards and point tracking.
- Built **Report Settings** module to replace hard-coded admin data with dynamic configurations, supporting role-based access and academic year versioning.
- Enhanced report generation for Montessori, IB, and American systems using Crystal Reports.
- Improved UI responsiveness by replacing full-page reloads with AJAX-based interactions using jQuery.

Fasty Link – URL Shortener & Link-in-Bio Platform

- Developed a full-stack platform using **ASP.NET Core** and **MS SQL Server** with user authentication via ASP.NET Identity.
- Implemented subscription tiers (Free, Premium, Corporate) with feature-based access control.
- Built analytics dashboards for tracking clicks, active links, and user activity.
- Developed features for custom short URLs, QR code generation, social sharing, and public user profile pages.

Vibotel Residence – Hotel Management System

vibotelresidence.com

- Worked on a production hotel booking system built with ASP.NET MVC.
- Fixed functional and UI issues and refactored legacy code to improve maintainability.
- Integrated an online payment gateway to support credit card payments alongside cash bookings.
- Ensured correct handling of booking, payment, and reservation states.

Education

Bachelor in Management Information Systems, Modern Academy for Science and Technology in Maadi

2024

- Graduation Project: Construction Equipment Rental Web Application

Grade: A

Technical Skills

Programming Languages: C#, JavaScript, TypeScript, Python, SQL, C++

Frontend: React.js, Tailwind CSS, Bootstrap, HTML5, CSS3, jQuery, Redux Toolkit

Backend: ASP.NET Core, ASP.NET MVC, Entity Framework Core, LINQ, RESTful APIs

Databases: Microsoft SQL Server, MySQL, MongoDB

Tools & Concepts: Git, Agile, OOP, MVC, AJAX

Languages

Arabic: Native

English: B2
